Reason: -- Select Hearing Reason -- Date: Submit

Reverification Reason : AERO Reverification Process

Disclaimer by ERO

I have verified following details of applicant.  Select All

a. Attachments  b. BLO Report  c. AERO Remarks  d. Photograph as per standards

e. Migration Case  f. Declaration if age is >21  g. DSE  h. Data entry corrections if any

ERO Order: --Select Order--

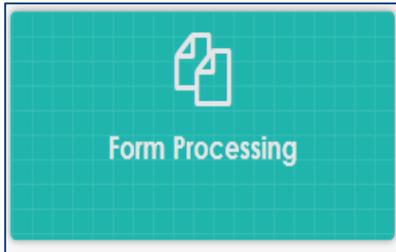

Accept Reject

This screen allows ERO to take the final decision. Here, ERO can

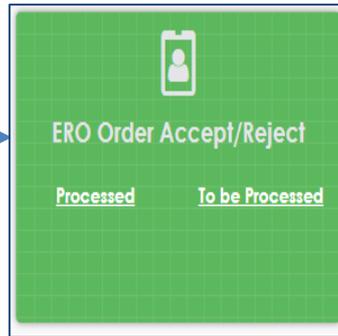

1. Re-Initiate the Process to any level required
2. Keep a scheduled hearing by selecting a reason and date
3. Accept/ Reject the form

# Generate EPIC

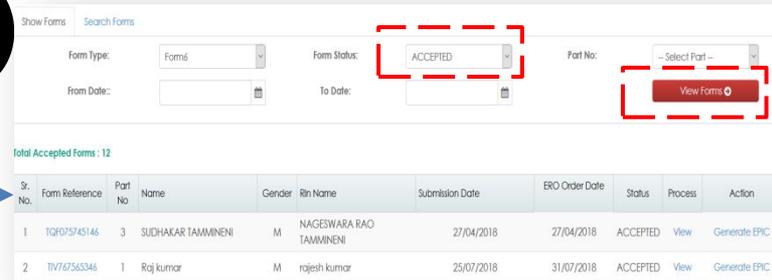

1

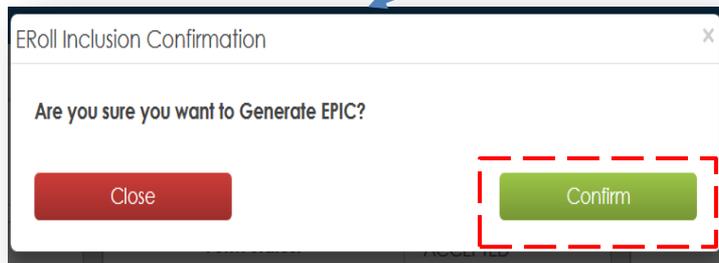

2

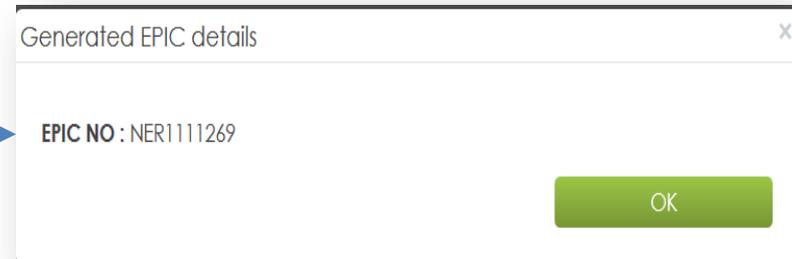

3

4

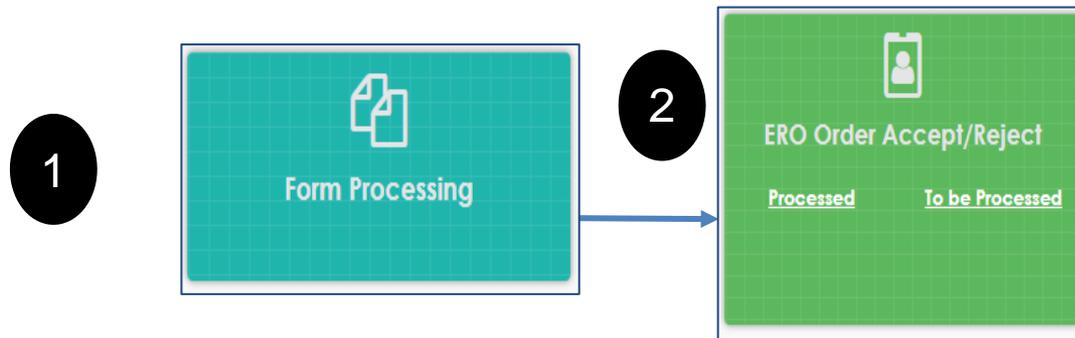

5

EPIC can be generated for accepted forms. In the form status drop down, ERO will select the ACCEPTED form status and then click on 'View Forms' button. A list will be displayed containing the records for which the EPIC can be generated. When ERO will click on 'Generate EPIC' link, a popup will open asking for generating the EPIC number as shown in Fig 4.

ERO will click on 'Confirm' button to generate the EPIC. After clicking on the confirm button, a window will appear containing the EPIC for that record as shown in the figure 5.

# Update in E-Roll

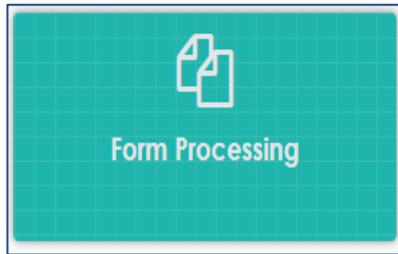

The screenshot shows a web interface for 'Form Process'. It includes search filters for Form Type (Form8A), Form Status (ACCEPTED), Part No., From Date, and To Date. A 'View Forms' button is visible. Below the filters, it states 'Total Accepted Forms : 1' and displays a table with one record.

Sr. No.	Form Reference	Part No	Sr. No. in Part	Name	Submission Date	ERO Order Date	Status	Process	Action
1	OKT684937984	96	255	BIMALA DAVI	15/06/2021	26/07/2021	ACCEPTED	View	Update In ERoll

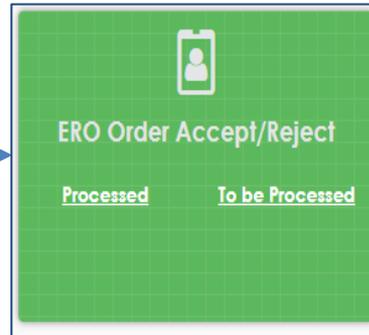

E-Roll update is done in the case where form 8 has been filled and accepted. After this process, the voter information is updated in the E-Roll (UNPER). To do this, we will select 'Form 8' in the form type and click on 'View Forms'. All the records which are not updated in the E-Roll shows here. After clicking on 'Update in E-Roll' link, the form gets updated in the E-Roll

# Delete in E-Roll

1

2

3

Show Forms Search Forms

Form Type: Form7 Form Status: ACCEPTED Part No: 16-RAJEEV COLONY NA

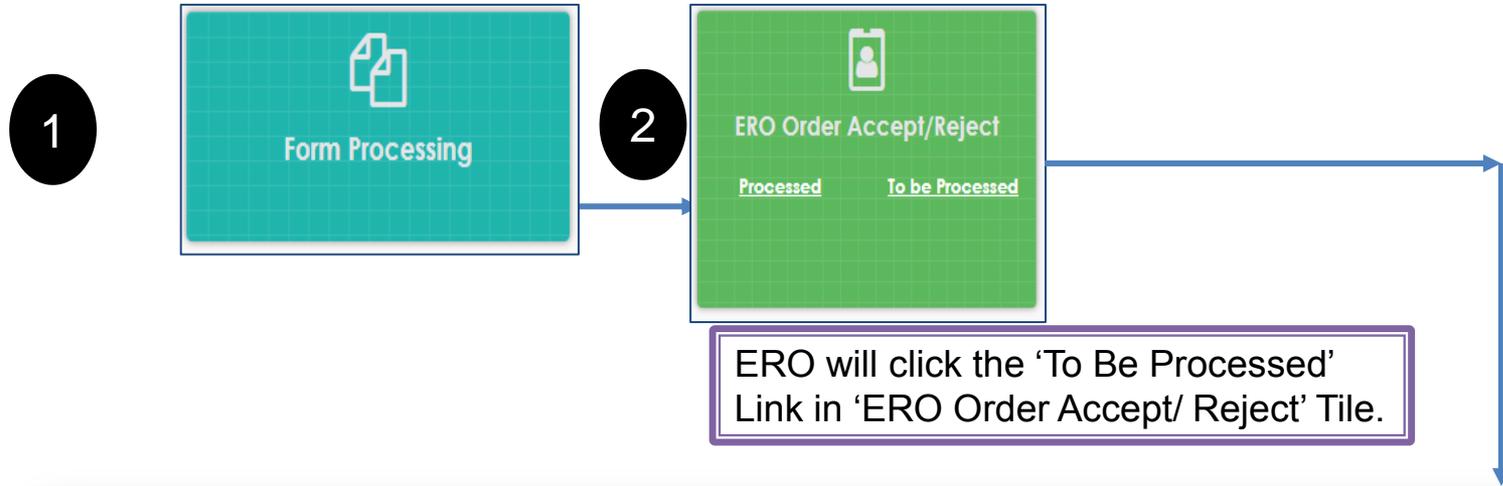

From Date: To Date: View Forms

Total Accepted Forms : 1

Operations

Schedule Hearing :

Reason:

Date:

Reverification Reason :

ERO Order:

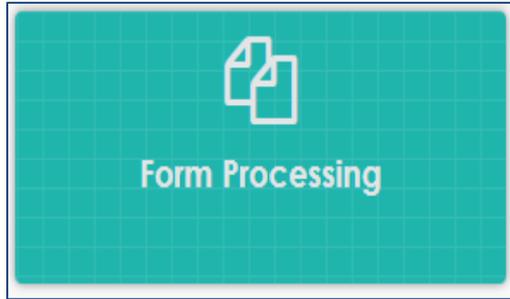

**i** In case the form doesn't belong to your AC, you can forward it to the concerned DEO.

Select District:

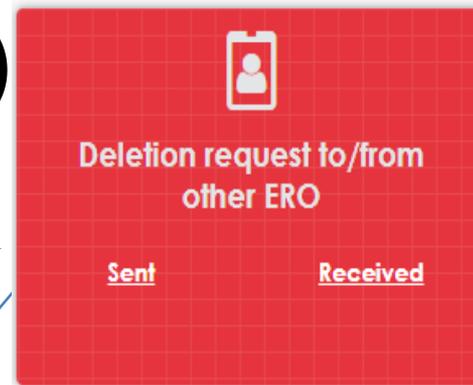

ERO will navigate to the operations tab in the opened window and select the District to which the form needs to be transferred. After this process, this form will be visible to the concerned DEO to which this form has been transferred. DEO will then login and navigate to Operations Panel > Process AC/ District Change Request and select the AC to which this form needs to be transferred. After this process, ERO can view the AC Change log by logging in and navigating to the Form Processing tile and then selecting the AC Change log tile. Here, all the forms transferred to the concerned ERO will be displayed. These forms will contain the information like the assigned district, AC, Form Type, status of the form etc.

# Deletion Request to/ from other ERO

# Removal of DSE

# Removal of DSE

1

AC NO	PART NO	NAME	RLN NAME	RLN TYPE	EPIC NO	GENDER	AGE	PROCESS
1	3	SUNITA	PARVEEN KUMAR	H	XVX0014795	F	33	Process
1	3	SUNITA	SANJAY	H	XVX0011973	F	33	Process

Software is identifying DSEs which is shown in ERO & DEO login in following categories:

- Within Part
- Across Part but Within AC
- Across AC but Within State

DSE records are shown in ERO & DEO login with photographs which are marked as MATCHING, NOT MATCHING OR MAY BE. The NOT MATCHING entries will be flagged in UNPER. MATCHING and MAY BE records will be field verified by BLO.

Identified: - All the records identified as DSE will be listed part wise in ERO login for matching of photographs. By clicking 'Process' button, individual DSE records can be processed for matching of photographs. A pop up window will open up containing the photographs of DSEs for this record (Note: Please make sure that Pop up is not blocked by the browser). The photograph on the left side is of the reference record which is to be matched with the right side photograph. The matching can be done in three categories - 'Not Matching', 'Matching' or 'Doubtful'. After clicking on category, ERO has to submit the record. This process has to be done for all the photographs appearing on the right side. If photo is not matched, then entry will be marked as verified and both entries will be removed from DSE list and flag will be set as 'No DSE'.

# Removal of DSE

The photograph at left side is of the reference record which is to be matched with the photograph on the right side. The matching can be done in three categories:

## NOT-MATCHING

If photo is not matched, then entry will be marked as verified and both entries will be removed from the DSE list and the flag will be set as no DSE.

## MATCHING/ DOUBTFUL

If ERO marks the photo as matching/ doubtful then in both cases, a checklist will be generated and printed by ERO for field verification by BLO.

In processing state drop down, select the status as 'Photo matched' and select the Part No. Then click on 'Search'. All the 'Photo Matched' and 'Doubtful' cases will be listed here. Checklist can be generated by clicking on 'Generate Checklist' in process header for individual records. After clicking on the above mentioned categories ERO will submit the records. This process has to be done for all the photographs appearing on the right side.

# Removal of DSE

## Checklist

# Removal of DSE

Field Verified: -

After field verification is done by BLO, the report will be entered in the system by data entry operator. After that, these records will be listed in 'Field Verified' records.

If both the persons are different, then entry will be marked as verified and both entries will be removed from DSE list and flag will be set as 'No DSE'.

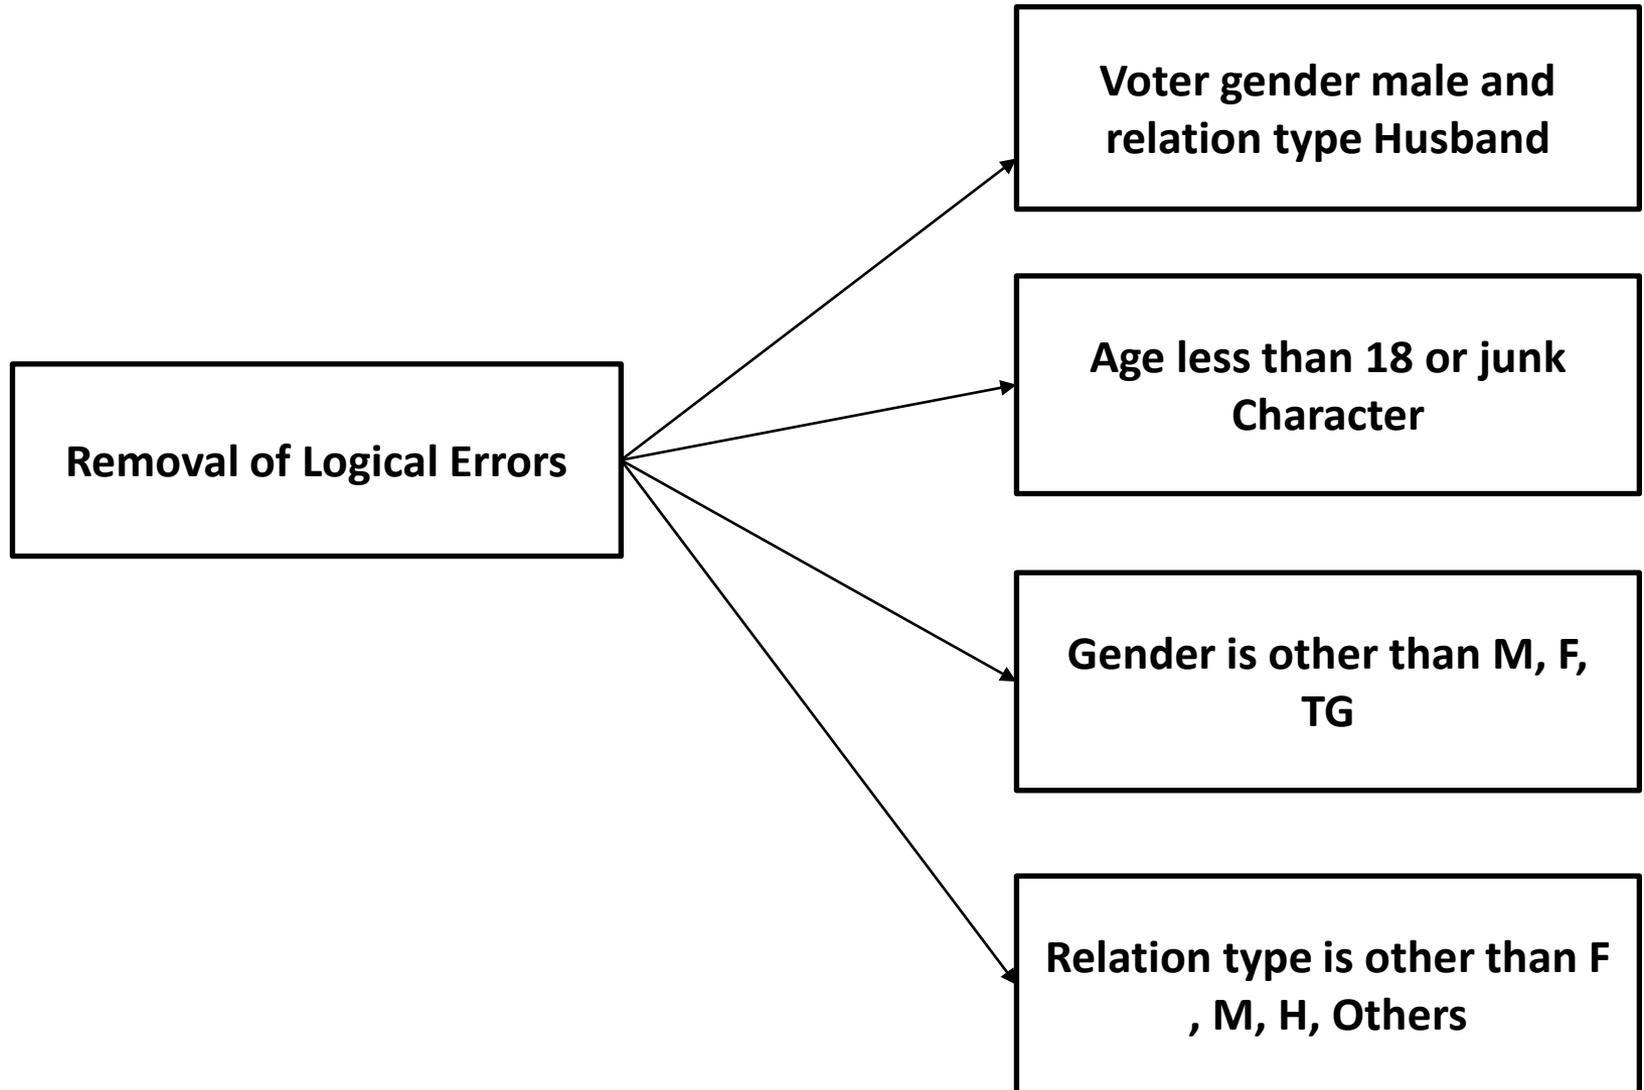

If both the persons are same, then notice will be generated and the date on which notice for hearing is to be served, will be entered in the system. After hearing, it will be handled as per the process. Otherwise, name can be deleted by ERO after giving remarks.

Reported entries are in different parts.

If one BLO reported applicant is present and verified and the other BLO reported applicant is absent, then notice will be generated and date on which notice for hearing is to be served, will be entered in the system. After hearing, it will be handled as per the process. Otherwise, name can be deleted by ERO after giving remarks.

If both BLO's reported applicant is present & verified, the ERO(s) will schedule hearing on the same date and time as is done in West Bengal. Then it will be handled as per the process and both entries will be removed from DSE list and flag will be set as 'No DSE', if both persons are present.

# SOP for Conversion of Repeat EPIC to New EPIC

1. State Shall identify the list of all such entries which have to be given new EPIC number.

2. This list should contain all the details of the ELECTORs including AC NO, part no, sr no, existing EPIC, Name, relation, etc.

3. The final list is to be placed on the State VM along with the count of records.

4. After completion of the above, State Shall raise the ticket in the ERONET ticketing system.

5. Onetime allotment of new EPIC shall then be carried out from backend on State VM by CDAC team thereafter same will be updated on UNPER.

6. State will then print EPIC Cards and will distribute the same to electors.

# SOP for Conversion of Non-Standard to New EPIC

1. During conversion process, electoral roll operations on ERO-Net will have to be frozen by the State.

2. CEO shall verify the complete AC & Part wise list of non-standard EPIC number through ERO-Net and raise a request to the Commission in the following format:-  
State Code, AC number, Part Number, Serial no in part, Old EPIC Number

3. One-time Conversion of non-standard to standard 10-digit EPIC number will then happen on state VM.

4. AC/Part-wise Cross reference table consisting of elector's data along with old nonstandard and new Standard 10-digit EPIC number will be provided to state for verification by ERO. The ERO will be solely responsible for ensuring that the migration has been successfully affected as per the laid down process and send the completion report to CEO.

5. The whole process of verification, printing and distribution of new EPIC shall be completed within 15 days from the date of migration. Thereafter, the IINPER shall be updated.
